

# UNIV 1820.007 and 015 - LSAMP

**Instructor: Michael Petro**

Fall 2017, Tuesdays, 3:30-4:20pm, Rowe 134 (PS # 9565)

or Thursdays, 11:00-11:50am, Rowe 318 (PS# 11528)

Open to Freshmen and Sophomores w/Instructor Permission

This course will cover three areas as they pertain to students pursuing undergraduate degrees in STEM fields: (1) Best practice strategies for academic success, (2) Finding research and internship experiences for undergraduate enrichment, and (3) Leadership and professional development in the STEM fields available to UConn students.

## **Students will gain**

- 1) Skills needed to compete in the STEM fields
- 2) Leadership and professional development
- 3) Resources for increased academic success
