

Exploring STEM Research 101

Renée M. Gilberti, Ph.D. (renee.gilberti@uconn.edu)

Fall 2017, Fridays 9:05 - 9:55AM, Rowe CUE 130

UNIV 1820.002, PeopleSoft Course #7574

Open to freshmen and sophomores, by permission number

Students exchange papers to peer-edit their writing assignments

~ Science ~ Technology ~
Engineering ~ Mathematics ~

Active participation in this course will provide you with the skills to connect with professors to become involved with hands-on STEM undergraduate research opportunities. You will learn how to read and critique original, peer-reviewed research articles and strengthen your writing skills. By the end of the semester, you will enhance your professional communication skills for real-world interactions with professors and fellowship/ scholarship interview scenarios and understand the timeline for applying to graduate school.

Students will gain

- 1) The ability to think critically
- 2) Experience writing a research paper
- 3) Insight about their STEM futures
