APPLY TO BE A
FIRST YEAR EXPERIENCE MENTOR 2018

“I struggled early as a freshman-transitioning from a small town to a larger university proved to be very challenging for me. The first year program and my mentor that year provided me with tools to succeed and thrive in a new environment. I decided to become an FYE Mentor the following year and absolutely loved the experience. Now I’m an FYE TA working to continue making a positive impact on campus!”

- Ibaad Nazeer, Physiology and Neurobiology 2020
