APPLY TO BE A FIRST YEAR EXPERIENCE MENTOR 2018

“When I was a freshman, FYE provided me a space to be able to learn more about UConn, my major, and make meaningful connections with people that I may not have ever run into on our giant campus. I loved this program and the support it provided me so much that from being a student I went to being a mentor, then to a teaching assistant, and now to a supervising teaching assistant. The FYE Program has provided me with numerous opportunities to grow and become a leader who makes a real impact on our campus community!”

- Ivy Horan, Elementary Education 2019
